

Edition Royal IM10 Carp 360/390

For maximum casting distances.

Series by BALZER

Dynamic carp rods with typical English action. This specific type of action charges the rods during casting and facilitates extremely long-distance casts. When playing the fish the rods work right down to the butt section and can easily manage playing a record size carp. An extra-thick top guide ensures maximum line protection.

Extra-slim, chrome-plated titanium SIC guides sealed with epoxy lacquer.

The extra-thick top guide by all carp rods for maximum line protection.
